6-Month Allocation Table

Ticker	Current %	Target %	Action	Planned \$	Est. Shares	Rationale
MSFT	17.29%	17.50%	BUY	\$208.21	0.48	Maintain a large quality tech position while avoiding further concentration.
AAPL	5.71%	8.00%	BUY	\$2,286.44	10.01	Adds durable cash-flow growth to balance the existing tech exposure.
JNJ	4.57%	7.00%	BUY	\$2,427.89	15.94	Defensive health-care exposure supports a moderate risk profile.
JPM	4.03%	6.00%	BUY	\$1,965.33	9.75	Diversifies into financials with strong earnings power and dividends.
XOM	3.98%	5.00%	BUY	\$1,014.77	8.92	Keeps energy exposure modest for income and inflation sensitivity.
PG	3.02%	5.00%	BUY	\$1,975.57	11.77	Consumer staples adds stability and dependable dividend support.
NVDA	1.99%	3.00%	BUY	\$1,011.16	7.63	Keep a smaller satellite growth weight because of higher volatility.
KO	3.11%	4.00%	BUY	\$893.22	14.38	Defensive income position that can dampen portfolio swings.
VTI	3.34%	23.00%	BUY	\$19,648.97	70.58	Core diversified equity anchor to reduce single-stock concentration.
BND	2.92%	21.50%	BUY	\$18,568.43	254.19	Bond ballast to support a moderate 6-month deployment plan.
